

Club Rifle Match

We have 2 divisions, Custom Guns and Stock Guns.

Custom guns are those built to compete in NRA, PRS and Benchrest matches and will compete against each other. Competitors can shoot from a bench or prone. Your choice of front rest, folding or fixed bipod. Rear sand bag of your choice.

Stock guns are guns built by mass production such as Remington, Savage, Ruger, to name a few. Magazine, stripper clip or box fed. This includes semi-auto guns. These will be hunting and plinking guns. Competitors can shoot from a bench or prone. You may use front sand bags or a folding bipod. Rear sand bag of your choice.

Our monthly matches are held on the 3rd Friday of each month and alternate between 300 yards and 100 yards. You will need 30 rounds for score plus unlimited sighters. The 2 divisions will be shooting at the same time but on different targets. The custom guns will shoot at much smaller targets' vs larger targets for the stock guns. Cost is \$5 per competitor.

If you have any questions, please, contact the match directors.

Thank You,

Dave Mommaerts - 941-330-7547 and Jack Sapp - 941-302-2178
