

## **Additional Information about Saturday Challenge**

The Saturday Challenge is now more than just a handgun challenge. We currently have separate divisions for handguns and pistol caliber carbines (PCC).

To compete, the shooter needs eye/ear protection, a gun and holster, rifle case, multiple magazines with a way to carry them and ammo. It's common (but not required) for a shooter to shoot two guns and run through the course 3 or 4 times so, bring lots of ammo.

A shooting course or stage, is setup in Bay 1 and consists of approximately 30 rounds. The shooting stage is designed to be challenging and may require multiple shots per target. The shooter may need to move around walls and barriers to shoot all the targets. The shooting stage is different at each Handgun Challenge so it never gets boring.

We frequently run different match formats including BUG gun matches, IDPA/USPSA style formats, a Carry Gun format and a Glock Shooting Sports format.

The current cost is \$5 per gun. FREE your first time. The match set up starts at 8:00am, so we can be ready to shoot at 9am.

If you have any questions please, give the Match Director a call.
